SuperValu in the Heart of Barna Village
Real Food, Real People

THE CHALLENGE / AN DÚSHLÁN

To build and fund the following facilities within the next three years / Na h-áiseanna a thógáil sna trí bliana seo chugainn:

1. An all weather development with three mini pitches in the Sportlann in Furbo.
2. Redevelopment of the football pitch in Cloghscoilte, Barna with new training pitch.

3. Three sets of dressing rooms and a meeting area in a new clubhouse for Furbo.

FUNDRAISING TARGET €450K TO COMPLETE THE THREE PROJECTS THAT COST IN TOTAL €1.1M

THE WHY

The Weather / An Aimsir

Currently there is no all weather facility in the parish. With the current weather patterns too often training has been cancelled. A lot of money is now leaving the community as clubs have to rent astro facilities elsewhere.

Overused Pitches / Páirceanna thar úsáidte

As a result of increasing numbers at the clubs, the demand for pitch space has never been greater. The wear and tear on the current pitches is unsustainable. Meanwhile other codes would like to be accommodated but this is not possible. This situation makes these developments even more critical.

Inadequate dressing rooms / Seomraí Feistis nach bhfuil feiliúnach

The dressing rooms have served their purpose and were fantastic for their time. Now with all codes using the facility we need a new facility ASAP. Also as highlighted by so many parents we need a place to invite visiting teams for a cup of tea and a sandwich after matches.

Better facilities...better engagement / Áiseanna níos fear.....caidreamh níos fearr

We want to encourage more and more children to engage in sports by giving them the facilities they deserve.

THE HOW:

1. The Clubs have come together and will operate as one voice to make this initiative work / Tá na clubanna tar éis teacht le chéile agus mar ghlór amháin I gcur chun cinn an togra seo

The fundraising initiative will run to June 2020. We expect that the facilities will be opened within the next three years. Both the Soccer and Football expect their development to kick off before Winter 2016.

2. **Mega Car Draw / Crannchur ollmhór Cáir**

If we can get 450 people in the community to contribute a little over a glass of wine a week for four years we can meet our targets. Please choose to donate a €5 a week or more and we can make this happen. Every one that signs up will be entered into a MEGA LIMITED DRAW annually - in Year one the winner will walk away with a BRAND NEW CAR

We will be going door to door as a follow on to the leaflet drop.

The feedback thus far has been amazing - we expect the initiative to be a huge success.

ALSO please will you visit www.facebook.com/BFSPORTSFUND, like the page and share all the postings...and when you contribute tell all your community that you have supported the initiative.

3. **Meitheal / Meitheal**

Invoking the spirit of meitheal we are happy to hear from people who can fundraise within their circles. Also we want to hear from tradespeople who can help particularly with the dressing rooms construction. Barna/Furbo community has a fantastic spirit which was all too apparent in the Construction of the Youth Hub which was built debt free - this is our hope for this initiative.

4. **Annual event / Imeacht bhliantúil**

Finally we will be holding one or two signature events to help meet our targets. #staytuned!
