

MI Safety Commission

Attn: Club Secretary
Ref: 00 Safety Car Training & Licencing

20th May 2019

Dear Club Secretary

In our ongoing commitment to safety training and development, The MI Safety Commission would like to invite each Rally Club to nominate up to six 00 Safety Car Crews both driver and navigator who will be trained and licenced as part of an national 00 Safety Car Crew panel.

It is envisaged by the end of 2019 that we would have up to 80 crews trained and placed on a panel that could be used by any club from 2020 onwards.

The following criteria should be considered when nominating your club crews:

- Reliability
- Strong Safety mind
- Flexibility
- Ability to travel as part of the panel
- Experience at an official level (highly recommended)
- Previous experience as a OO car crew (highly recommended)

This is your opportunity to nominate your club crews in conjunction with them. Closing date for return, 28th June 2019. Please return to: MISSafetyCommission@gmail.com enclosing Club name, crew names, phone numbers & email addresses.

Thanking you in advance,

Yours in Motorsport

Aiden Harper
