REGISTRATION/PAYMENT PROCESS

The coming season (2019) is a full calendar year. This in effect means the season will run from March to November with a proposed break in July and August.

New for this season is that club training gear is no longer included in the annual membership fee. Players are expected to purchase the required club gear through the online shop, found on our webpage www.droghedatownfc.net. (There will be sample sizes in the club house if players want to try on before ordering.) The membership fee has been reduced to reflect this change.

Drogheda Town FC membership fees for 2019 are as follows:

Junior Academy	€60 per year
U8 to U14	€200 per year
U15 to U18	€350 per year

All registrations/payments must be done on-line by **Friday 3 March 2019**, in either one payment or in four equal instalments, which means there will be 3 more payment dates to run consecutively from the date you register.

The Club uses the online facility of Club Force (previously named MyClubFinance) to manage registration and payments. If you used the site last year to register, you will just have to log in and make appropriate payment. If you are new this year, you will have to register your details on their webpage. You can access ClubForce through our webpage www.droghedatownfc.net, or by logging on directly to www.clubforce.com

Family Reductions are available for families with more than one child registering:

- Second child gets a reduction of €20
- Third child gets a reduction of €40
